- Hopper is wheel-mounted for mobility
- Automatically feeds the garnet hopper located on the OMAX machine

### System Specifications

- Height 52" (1321 mm)
- Width (diameter) 38" (965 mm)
- Min. supply pressure 90 psi (.62 MPa)
- Can be located from machine 20 feet (6 m)

*Specifications subject to change.*

## OMAX® Bulk Abrasive Delivery System

Large capacity abrasive delivery system.

The Bulk Abrasive Delivery System is manufactured to ASME or CE Code. The tank can be pressurized to 125 psi and can be located up to 20 feet away from your OMAX JetMachining® Center. The system uses compressed air to automatically transport garnet from the Bulk Abrasive hopper to the small hopper located on the OMAX machine. The Bulk Abrasive Delivery System is wheel-mounted, making it easy to move, if needed, when it is time to refill it with garnet.
